

## Workplace “Covered” Employment (In-City Jobs)

This report was prepared from 2010 data from the Quarterly Census of Employment and Wages by the Washington State Employment Security Department as geo-coded and adjusted by the Puget Sound Regional Council. This data set includes individuals “covered” by unemployment insurance but not solo proprietors, corporate officers, military, railroad employees, ministry workers, and others. Where totals represent fewer than three reporting firms, or when one employer accounts for more than 80 percent of jobs, the total is withheld (noted by asterisk) to protect company privacy.

*In summary*, the top three sectors for covered employment in Federal Way are “Health Care and Social Assistance” and “Retail Trade” and “Accommodation and Food Services.”
